What is this product?

TYPE OF PRODUCT

The product is a Sub-Fund of Prism@ SICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Fund is established for an unlimited duration. However, the Board of Directors of the Fund may decide to close the Fund under certain circumstances.

OBJECTIVES

The objective of the Sub-Fund is to seek long-term capital appreciation in EUR by an active management, which may include some investments that could involve a high risk of return. The Sub-Fund is actively managed and is not managed in reference to a benchmark.

The Sub-Fund may invest its assets in equities with no limits on any market all over the world and more particularly, but not limited, in OECD countries; therefore, it may invest in different currencies.

The Sub-Fund may also invest its assets in fixed income securities with no limits on any market all over the world and more particularly in OECD countries; therefore, it may invest in different currencies.

The Sub-Fund will not borrow money to increase its exposure to the markets.

The Sub-Fund may engage in various portfolio strategies underlying all kind of securities, such as derivatives, options and futures, as described under Chapter 12 of this Prospectus to attempt to reduce certain risks of investments or to attempt to enhance return.

The Sub-Fund may invest in money market instruments and may also hold, on an ancillary basis, liquid assets.

The Sub-Fund will not invest more than 10% of its net assets in units of other UCITS and/or other UCI.

Investors must accept and assume the risk that entails the Sub-Fund's investment policy as established from time to time by the Board of Directors.

The return of the product is determined by using the net asset value calculated by the Central Administration. This return depends mainly on the market value fluctuations of the underlying investments. The Sub-Fund's assets are segregated from assets of other sub-funds of the Fund. The assets of the Sub-Fund cannot be used to pay debts of other sub-funds. The recommended holding period of this product is determined to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

This Class is cumulative. Dividend distributions are not planned.

INTENDED RETAIL INVESTORS

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 5 years.

What are the risks and what could I get in return?

Risk indicator

1	2	3	4	5	6	7
---	---	---	---	---	---	---

Lower risk

Higher risk

The risk indicator assumes you keep the product for 5 years.

The risk can be significantly different if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because the Fund is not able to pay you.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: Example investment:		5 years EUR 10 000		
		If you exit after 1 year	If you exit after 5 years

What happens if BIL Manage Invest S.A. is unable to pay out?

There is no guarantee in place against the default of the Fund and you could lose your capital if this happens.

The Fund's assets are held with CACEIS Investor Services Bank S.A. and are segregated from the assets of other sub-funds of the SICAV. The assets of the Fund cannot be used to pay the debts of other sub-funds.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10 000 is invested

Investment of EUR 10 000	If you exit after 1 year	If you exit after 5 years
Total costs	EUR 393	EUR 3 128
Annual cost impact (*)	3.9%	3.9%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 14.3% before costs and 10.4% after costs.

Composition of costs
