RENTA FIJA FLEXIBLE, a Sub-Fund of MERCHBANC SICAV

ISIN: LU1159838819

This Sub-Fund is authorised in Luxembourg and regulated by the *Commission de Surveillance du Secteur Financier* (CSSF)

Management Company: BIL Manage Invest, S.A. (Luxembourg)

Investment Manager: Merchbolsa, Agencia de Valores, S.A.

Objectives and Investment Policy

- The objective of the Sub-Fund is to seek medium-term capital appreciation in Euro through a mix of investments consisting of fixed income securities, and money market instruments.
- The eligible money market instruments are government securities issued by OECD Member States, securities issued by private issuers and time deposits.
- The Sub-Fund may invest in different currencies.
- The reference currency of the Sub-Fund is Euro.
- The price per share is calculated on each Luxembourg bank business day (the "Valuation Day"). Investors may buy and sell shares of the Sub-Fund on any Valuation Day which is a business day in Luxembourg. Requests for these transactions must be made before 12 noon, Luxembourg time, on the business day preceding the valuation day.
- The Sub-Fund is a cumulative Fund.
- The Sub-Fund may not be appropriate for investors who plan to sell their shares in the Sub-Fund within 4 years. Investment in the Sub-Fund should be regarded as a medium-term investment.

Risk and Reward Profile

- The historical data used in calculating the Synthetic Risk and Reward Indicator may not be a reliable indication of the future risk profile of the Sub-Fund.
- The risk and reward category of the Sub-Fund is not guaranteed and may change over time.
- The lowest category does not mean a risk-free investment, or that moderate losses may not be incurred.
- The Sub-Fund is in this risk category because it invests in fixed income securities issued by OECD Member States or by private issuers, and in different currencies.
- The Sub-Fund's capital is not guaranteed.
- The Sub-Fund also bears the following risks that are not explained by the synthetic risk indicator:
 - Market risk: The value of the investments made by the Sub-Fund may go down.
 - Credit risk: Even though the Sub-Fund will invest in securities issued by OECD Member States or private issuers, and time deposits, their ratings may decline and the value of the investments may fall.
 - Liquidity risk: The Sub-Fund may invest in securities which may under certain circumstances have a relatively low level of liquidity, and could impact on the level of liquidity risk of the Sub-Fund.
 - Operational risk: The Sub-Fund may be subject to the risk of possible mistakes or inadequate procedures made by the personnel or internal systems, or deriving from external circumstances.
