

## KEY INVESTOR INFORMATION

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so that you can make an informed decision about whether to invest.

# Japan Dynamic Fund

(The "Fund")

**Class C shares - GBPH**

ISIN: LU1033762201

(The "share class")

The Fund is a SICAV.

Management Company: BIL Manage Invest S.A. (Luxembourg)

Investment Manager: IFDC Limited (London)

## Objectives & Investment Policy

### Objectives

- The Fund invests in an actively managed portfolio of Japanese securities, including stocks, bonds, warrants issued by Japanese companies denominated principally in JPY.
- The Fund seeks to maximise capital growth from its investments in Japanese securities.
- The Fund will maintain on an ancillary basis, an adequate level of liquid assets.
- Such liquid assets may include current and time deposits at banks, negotiable short term money market instruments such as bank certificates of deposits, bills and bankers' acceptances, all denominated in freely convertible currencies and issued by first class issuers.

- You can buy and sell your shares daily (on each business day in Luxembourg and in Japan).

- The shares that you hold in the Fund are accumulating shares. This means that income from the Fund's investments will be included in the value of your shares rather than being paid out to you as a dividend.

### Holding Period

Recommendation - This Fund is designed for investors with an investment horizon of over 3 years.

## Risk & Reward Profile

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.

- The risk category shown is not a target or a guarantee and may change over time.

- The lowest category does not mean "risk free".

- The risk indicator for the Fund is set as six (6) in consideration of the following factors:

- No guarantee is provided as to the recovery of the initial investment.

- The currency exposure may impact highly the Fund's performance.

- The Fund's high potential level of gain or loss may impact the value of the investment.

- The use of financial techniques such as derivatives may lead to the amplification of trends.

- Other particular risks include:

- **Credit Risk:** The risk that the issuer of securities held within the Fund may not be able to meet its obligations.

- **Counterparty Risk:** The risk that one of the Fund's counterparties may not comply with its obligations.

- **Liquidity Risk:** The risk stemming from the lack of marketability of an investment that cannot be bought or sold quickly enough to prevent or minimise a loss.

- **Valuation Risk:** A holding in the Fund may be valued incorrectly.

- **Operational Risk:** The risk of material losses to the Fund resulting from human error, system failures, inadequate procedures or internal management controls.

For further information on risk, please contact the registered office of the Fund.
