Class M EUR – Capitalisation shares: LU1345632902

Management Company: BIL Manage Invest S.A.

OBJECTIVES AND INVESTMENT POLICY

- BIL Manage Invest manages the investments of this sub-fund.
- Aims to preserve shareholders' wealth and to achieve long-term capital growth subject to moderate volatility.
- Invests mainly (more than 50% of its net assets) in listed equities, predominantly large capitalization, well-established European and US companies (50%-100%), the geographical allocation depending on the Investment Manager's assessment of the financial situation, while up to 20% of NAV may be allocated to other Developed markets and not more than 20% of NAV may be allocated to Emerging Markets.
- May also invest up to 20% of its net assets opportunistically in less liquid mid and small-cap equities.
- Invests up to 50% of its net assets in fixed income instruments (and cash). Fixed income investments may include bond funds such as UCITS, other UCIs and money market funds, which should not exceed 10% of the sub-fund's net assets. Investments in Emerging Market High Yield bonds would be limited to instruments for which the government, including stgate-owned entitied, has an ownership stake of more than 50%.
- Invests up to 35% (of its net assets) in energy, up to 30% in financials and up to 25% in each of all other equity sectors. Investments in companies with a high ratio of intangibles relative to their long-term assets, predominantly IT patents and brand names, will generally be avoided.
- Invests a minor portion of its assets (up to 25% of its net assets) in long-only equity funds (UCITS and Other UCIs) with Assets under Management (AuM) in excess of €500 million to supplement sector and/or geographic exposures.
- May borrow on a temporary basis up to 10% of its net assets.
- May use financial derivative instruments for hedging purposes.
- Income is accumulated in the share price.
- This class of shares is reserved to Banque Internationale à Luxembourg S.A..
- This sub-fund may not be appropriate for investors who plan to sell their shares in the sub-fund within 10 years. Investment in the sub-fund should be regarded as a long-term investment.
- Shares can usually be bought and sold each business day.

RISK AND REWARD PROFILE

- The risk and reward profile is classified by the level of historical fluctuation of the Net Asset Values of the share class, and within this classification, categories 1-2 indicate a low level of historical fluctuations, 3-5 a medium level and 6-7 a high level. If the fund was launched less than 5 years ago, the risk category is calculated on the basis of the performance of the benchmark; if this is not available, other objective classification criteria are used.
- The historical data may not be a reliable indication for the future.
- The indicated risk category is not guaranteed and may shift over time.
- The lowest category does not mean "risk-free".
- There is no guarantee or mechanism to protect the capital.

Investors should be aware of the significant risk below, which may not necessarily be adequately taken into account by the indicator:

- Investment in Equities risk: include in particular significant fluctuations in market prices, adverse issuer or market information and the subordinate status of equity compared to debt securities issued by the same company.
- Volatility risk: The value of the Shares may be affected by market volatility and/or the volatility of the sub-fund's assets and/or the underlying asset.
- Market risk: value of investments may be affected by uncertainties such as international, political and economic developments or changes in government policies.
